Bulletin' 1-~~2~~.

KANSAS STATE AGRICULTURAL COLLEGE

Agricultural EXPERIMENT STATION, *Manhattan*.

ED. H. WEBSTER, DIRECTOR

DEPARTMENT OF INSPECTION AND REGISTRATION

OF

FEEDING STUFFS

Feeding Stuffs Bulletin No. 1.

SPECIAL NOTICE.

This is the first of a series of "Feeding Stuff Bulletins" which will hereafter be issued the first of each month. This bulletin gives the names of all feeds registered up to date for the year ending June 30, 1910, and a list of manufacturers residing outside the State of Kansas who have in previous years registered but who have not renewed their registrations since July 1, 1908. Their goods cannot be legally sold in Kansas.

The next issue of this bulletin (September 1) will give those outside of the State who have registered for the year ending June 30, 1909, but have failed to register for the year 1910.

Subsequent bulletins will give matters of interest to the consumer and to the trade in concentrated feeding stuffs, such as rulings and regulations made in the enforcement of the law, opinions of the Attorney General on the application of the law, reports of violation of the law which may be necessary to publish for the protection of those manufacturing and dealing in feeding stuffs, etc., etc.

Keep these bulletins on file for future reference.

REGISTERED FEEDING STUFFS.

The following feeding stuffs have been registered up to date of issue of this bulletin, in compliance with the Kansas Feeding Stuffs Law, for the year ending June 30, 1910. Name of the manufacturer or dealer, his address, and name of the feed are given:
